Session Selection: Please choose which week you would like to participate in the health course.

_____ June 6 – June 10, 2015 8:30am-2:30pm

_____ June 8 – June 12, 2015 8:30am-2:30pm

By submitting this application, I understand that my child is committed to participating in a half unit of health during the summer term (June 6-10 or 13-17, 2016). In order to receive credit, I understand that my child must be present each day from 8:30am – 2:30pm. Any absence will result in no credit being awarded. I also understand that my child will receive a grade for this course which will be placed on their permanent transcript. I am also aware that if my child participates, they must also be able to document 30 hours of athletic activity in a school sponsored activity prior to the first day of school and must submit documentation (see attached) no later than August 12, 2016. Completion of 30 athletic hours as authorized by a certified Floyd County Schools coach/instructor will result in the grade of 100, or an A, for the state course requirement of Personal Fitness on the student's permanent transcript upon approval by the High School counseling department. Those school sponsored sports/activities approved for credit are: Band and All GHSA Team Sports offered by Floyd County Schools. If your child does not have an active participation and/or interest in one of the sports/activities listed then it is suggested that they participate in the traditional PE/Health credit option during the school year. Documented hours are those hours participated in the school sponsored sport/activity directly supervised by the certified Floyd County Schools coach/instructor. Credit will be issued for Personal Fitness and health once both the health class requirements and the hour requirement (attached form) have been completed and approved by the High School Counseling Department.
